

Send In The Carbs

***Are they too rich?
Just one or the pair?
One here looks good on the
bench,
The other just fair,
How are my carbs?***

***Isn't it bliss?
Don't you approve?
Throttle plate's free on one,
One I can't move,
What's with my carbs?
I ought to know carbs.***

***Just when I'd stopped cleaning the jets,
Finally knowing the ones that I just
cleaned were set
Soaking my float bowls again with my
usual flair,
Solvent is clean,
But no dirt is there.***

***Don't you love farce?
My fault, I fear
I thought that they'd synch
when I synched
Pain in my rear!
What's best for my carbs?
Send in the carbs?
They're not working here.***

***Are they too rich?
Or too lean, I fear?
Or maybe it's timing
and I'm just lost here.
So, how are my carbs?
I ought to know carbs.
Well, maybe next year.***
